PV Module Maximum Power(P_{max}): 550W

Power Tolerance: ±3%

Voltage at Open-Circuit(V_{oc}): 49.92±3%

Current at Short-Circuit(I_{sc}): 14.00±3%

Maximum Overcurrent Protection Rating: 25A

Module Weight: 32kg

Fire type: Type 29

Operating Voltage(V_{mpp}): 41.96V

Operating Current(I_{mpp}): 13.11A

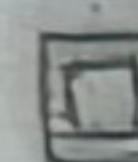

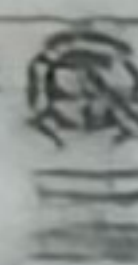

Maximum System Voltage: 1500V

Only qualified personnel should install or perform maintenance work on these modules.

Be aware of dangerous high DC voltage when connecting. Do not damage or scratch the rear surface of the module.

Conforms to UL STD. UL61735-1/-2, UL61215-1/-4, 1/-2, Canada's CSA STD. C22.2#01730-1/-2

See Module literature for Appropriate Wiring Connections

Module Type: GSD7G72M-550WT

Module Dimensions: 2278×1134×30mm
